The regular monthly meeting of the Town Council of the Borough of East Rochester was held Wednesday, July 11, 2018 at 7:00 p.m. in the Lacock Dwellings Community Center, East Rochester, Pa.

PRESENT: Joyce Gordon, Jim Simon, Joe Seminick, Cathy Hutsky

ABSENT: Kendra Hill, Jeff Frye, Borough Engineer, Frank Mercier, Police Chief

ALSO, PRESENT: Solicitor Paul Steff, Code Enforcement Officer John Clay, Sergeant Dawn Shane and Mayor Bob Knox

CITIZENS: Marie Knox, Debbie Ahern, Bob Taylor, Catie Hutsky and John Drumm

CITIZENS REPORT: John Drumm reported that he looked into fencing for the East Rochester ballfield and the company was going to make him purchase 100 ft. of fence and the cost would be $700.00 Cathy Hutsky said that would be ok, council could vote on it – then Bob Knox said he has 50 ft. of fencing he could donate if Mr. Drumm thought that would be enough – Mr. Drumm said he thought that would work, and he would pick up the poles. Joe Seminick asked John Drumm about the cut wire at the light at the flag pole. John said Duquesne Light put that pole up for security – they will service that light if you give them the pole #. He also stated the wire runs underground and the other part is hanging out of the Borough Building.

Debbie Ahern said she got a phone call (as the official person everyone wants to call) asking does she have a list of condemned properties in the Borough. She said she does not and to check at the Borough Building. She said she thought they did and there isn't one but shouldn't we have one. President Gordon said to refer them to John Clay.

Debbie Ahern said, in regards to that – they also asked is there a process that when someone that's going to have their property condemned goes through – do they go before a judge or a magistrate? Debbie said "basically she hopes the answer gets in the minutes so this person can read the minutes on the website".
Solicitor Steff- "Again – did someone come in and ask you"
Debbie Ahern – "No it was a phone call – do I have a list of condemned properties – and if a property is going to be condemned does it have to go before a judge or magistrate."
***Solicitor* Steff**– "No, but in the likelihood the question being asked by possibly someone with something coming up here – I don't think this is the appropriate form for any of that – why anyone would call the tax collector and ask whether there's a list of condemned properties or how to proceed that's not something you want to get into."
Joyce Gordon– "They should call the Borough Building."
Debbie Ahern – "That's what I told them"
Solicitor Steff – "Or if they're the aggrieved party they could consult an Attorney – I don't think council or me at a meeting should expense that type of advice."

Debbie Ahern – "Next Question – who besides me takes money to the bank? Is that person bonded? Is Joyce bonded? Sitting behind the desk – why are we paying a secretary when Joyce is there?
***Joyce Gordon-* "**that's easy to answer – there are many things to do, a lot comes in to read, I don't touch money, I have nothing to do with money, nothing to do with files, there are very few files with Social Security numbers those are locked up and I have nothing to do with any of it."

Debbie Ahern – "The minutes on the website, I told the 1st caller to look at the minutes and then I went on the website and last years minutes are on there, this years are just the agendas."
Borough Secretary – "This year's minutes are under the heading council minutes"

Debbie Ahern – "The only minutes are through December 2017"

Borough Secretary – "2018 are on the website under the title council minutes – last years are under the title archived."

At this time Mayor Knox pulled the website up on his phone, pulled up the minutes to show Ms. Ahern what the Secretary was explaining.

Joyce Gordon told Debbie Ahern she also does not enter any data into the computer and does not have the passwords. She explained she analyses the budget numbers, but the secretary does the input and if necessary we call the professional auditor if we run into a problem.

Marie Knox – "Is there that much work that we need 2 people down there daily?"

Joyce Gordon – "I'm not down there daily"

Maire Knox – "O.K. – we'll say 3 days a week. I'm just asking a question, because that is Her job, because if She's not able to do Her job and there's too much maybe we should consider hiring an additional secretary."

Joyce Gordon – "She's able to do Her job."

Marie Knox – "She can't keep up with the work load she has?"

Joyce Gordon - "I'm not doing any work – I'm reading paper work that comes in – minutes other."

Marie Knox – "I'm just asking questions"

Joyce Gordon – "You could ask that about your husband, he's there every day too"

Marie Knox – "The question was – if you're there and there's a lot of work things to be read wouldn't that be Her job – then why you are there doing Her work – I'm confused as to why you're there doing Her work."

Joyce Gordon – "She's very good at her job"

Cathy Hutsky – "…office space"

Borough Secretary – "Can I speak – because it does involve me – there's a lot of things that, because I've not been here a full year yet that I have to ask about. First of all I don't know how to do the budget myself so we do work on the budget a lot and there are times I've put things in the wrong line item, there are things that come in the mail daily that I'll say "hey I want you to look at this and tell me what you think, there's something I might have to call John Clay about or the solicitor , I'll say to her, look at this first what do you think, do you want me to call them? There are things that I do depend on Joyce."

Marie Knox – "How long have you been here?"

Borough Secretary – "It'll be a year end of August"

Marie Knox – "Borough Council has hired a secretary who is incompetent to do Her job, that requires Council members to sit there because she said she can't do Her job."

Joyce Gordon – "It doesn't require a Council Member"

Marie Knox - "Well she said she couldn't do her job"

Borough Secretary – "No I didn't say I couldn't do my job"

Joyce Gordon – "That's not what she said"

Marie Knox – "She said if She has a question She has to call Mr. Clay, she has to ask you"

Joyce Gordon – "Would you like Her to turn in Her resignation"

Marie Knox – "I'm asking for employees be made to do their jobs and they require the help of council members to do their jobs"

Borough Secretary – "If you want me to resign – you tell me"

Marie Knox – "You do what you need to do – I'm asking why we are paying people to not do their jobs?"

Borough Secretary- "You do the same thing with Sam – he has to call Mr. Simon or Mr. Seminick"

Marie Knox – "Sam should be doing his job, I mean left to do his job"

Solicitor Steff – "Let me throw out there that this discussion of personnel is really not fair to employees; personnel matters are handled in executive session – Sam is not here – the Borough Secretary is here. No employee should be subject to this line of questioning."

Marie Knox – "I pay for her to be here"

Solicitor Steff – "This should be handled by Borough Council"

Solicitor Steff to Mrs. Knox: I'm addressing council – matters addressing employees – employee discipline is for executive session. In all due respect complaints and concerns should be given to Borough Council.

Marie Knox – "That's why I'm here, when am I supposed to give my concerns?"

Solicitor Steff – "Let's be fair – does anyone go to a place where you're employed and come out in front of all your co-workers.

Marie Knox – "If my Supervisors…"

Solicitor Steff – "Her Supervisor is this Borough Council – but does the general public walk into your place of work and say "I don't think you're very good work"

Marie Knox – "They don't pay my salary"

Solicitor Steff – "Listen, all I'm saying is this is unfair and inappropriate – I've never seen someone have to endure this

Marie Knox – "Oh, you've got to be kidding me"

Solicitor Steff –" Mam- I'm going to tell you this is not appropriate for a public meeting to discuss job performance of employees"

Marie Knox – "Why if we have people who are getting paid who are not doing their jobs, it's a simple question"

Joyce Gordon – "Wait a minute there's something at the bottom of this"

Marie Knox – "This is the problem we're paying people to do their jobs – and represent our community who are not doing their jobs while we continue to pay them while we have other people doing their work I don't understand."

Joyce Gordon – "I'm not doing her work"

Marie Knox – "If we had Drummy cutting grass next to Sam but we weren't paying Drummy wouldn't we be complaining we have 2 people cutting grass? Sam can't cut all the grass himself? Yes, why do we have someone like you Joyce sitting with her doing Her job if She can't do Her job? Let Her do Her job I'm sure she's good at it – if She were capable – Let her do Her do Her Job.

Joyce Gordon – "I don't tell her what to do"

Marie Knox – "Let Her do Her job"

Joyce Gordon – "What is the bottom of it Marie?"

Marie Knox – "We keep paying people who aren't doing their jobs" "My money is going out for people who can't do their jobs"

Joyce Gordon – "Lets get on with it"

Marie Knox - "Because it's about you – that's why you're angry"

Joyce Gordon – "I'm not angry"

Marie Knox – "I get my time to speak like everyone else. Then why did you hit the gavel, because you want to cut me off."

Joyce Gordon – "Because we have another gentleman here that has something that is much more serious than this"

Marie Knox – "Yeah – because his tax money also pays for Her salary and he's not aware what's going on."

Joyce Gordon – "There's nothing going on"

Marie Knox - "We continuously pay peoples salary for not doing their job. We wash our hands of people who aren't doing their job."

Cathy Hutsky asked Solicitor Steff is the president legally allowed to sit behind the desk in the Borough office.

Joyce Gordon – "There's nothing there"

Joyce Gordon interjected that the previous Borough Secretary allowed the maintenance man to sit behind the desk in the exact same place for hours at a time and complaints were filed and so did Doug Sutter.

Marie Knox – "They are/were Borough employees"

Joyce Gordon – "I get paid"

Mayor Knox - "You're elected, you're not a Borough employee"

Cathy Hutsky – "Are there legal documents and stuff"

Cathy Hutsky – to Joyce Gordon - "You're not bonded"

Borough Secretary – "The Borough maintenance man isn't bonded either"

Solicitor Steff – As far as elected officials – it is certainly appropriate any of them or any member of council can go to council chambers – can go to the Borough Office. There are 2 separate questions here: Is it appropriate for a Borough person to stop in the office – certainly, the council & mayor. They are the collective government body and that is the office. Is it o.k. for the President of Council to be where she is during whatever times – I don't know the specifics of the question – but is it appropriate for her to be behind the counter – yeah, I have always seen people on council – especially the president of council come in behind the counter – sign checks – look at correspondence talk…

Marie Knox – "I think you're missing what I'm saying- if Joyce wants to sign checks and read the mail – God bless her and anybody else – fine – what I'm saying is – but is Joyce doing Her job – that's what I have a problem with."

Joyce Gordon – "I am not doing Her job - I am absolutely Not doing Her job."

Marie Knox – "At this point the Secretary shouldn't have this many question to do Her job."

Joyce Gordon – "This girl had 3 days training"

Marie Knox – "But this was her previous job"

Borough Secretary – "Not this job – I did water and sewage for the Municipal Authority"

Joyce Gordon – "What do you expect from her"

Marie Knox – "If you have to hold her hand everyday – that's incompetent"

Cathy Hutsky – "I think Joyce should be bonded- unless you want to pay to be bonded"

Joyce Gordon – "I could do that – we can arrange it"

Solicitor Steff – "Practical Question – Joyce, President of Council for the Borough – do you handle money for the Borough, take in money, make deposits, deal in money?"

Joyce Gordon – "No"

Cathy Hutsky – "I heard she takes money to the Bank for the Secretary"

Joyce Gordon – "I have never"

Solicitor Steff – A bond is to cover potential loss for an employee that handles money for the Borough. Anyone dealing in money. It's an insurance policy to protect against any loss in that matter. If in fact that is true – there is no need to post a bond. If the answer is in the negative – the person doesn't need bonded.

Marie Knox – "So we just wait until something is stolen for it to be a problem"

Solicitor Steff – "You understand my hypothetical – if the person does not handle money there is not theft."

Marie Knox – "Well yeah, again, we just sit and wait until something gets stolen"

Mayor Knox – "I guess what she's sayin is if 2 people are sitting behind the desk both people are bonded – that's what you're saying"

Solicitor Steff – "The Borough Secretary is bonded – she is conducting the business – there is coverage for what she's doing and this is assuming the President does not participate in any of the bonded processes."

Marie Knox – "So when we end up with money stolen it's too late"

Joyce Gordon – "We just paid about $3000.00 for an audit – it's all good."

Marie Knox – "I'm just saying – hypothetical??? That's where we're at right now."

Mr. Robert Taylor of 1 Willow Avenue: A rotten tree on his property had fallen and luckily his car wasn't hit – now there is another rotten tree that he has been told is on Borough property that needs taken down. Mr. Taylor explained that a few weeks ago someone from ER went to the property and said the Borough was going to transfer the paper roads to the property owners. This concerned Mr. Taylor because he would be landlocked Solicitor Steff explained that is not accurate. The Borough is not in the process of turning over any types of road. Paper streets are laid out for public used, if they in fact build the road to borough specifications then they can turn the road over to the borough to be put

in the borough's road system. But if it's just on paper in the drawing and the developer has not created that roadway to borough specification it only remains a paper street as indicated on the drawing. There are people who have rights to ingress and egress as people in that plan to go across that roadway which could be grass and you can't obstruct it from others. You can't put something across / on that roadway. Mr. Taylor said he was told he could build on it tomorrow. Code Officer Clay stated it was him that visited the property and he explained what happens when a roadway is vacated; not saying that we were/are vacating. Mr. Taylor stated about putting up a garage and Code Office Clay he could only do that if the Borough vacated the road and we are not doing that at this time. Mr. Taylor asked who owns the property? Solicitor Steff explained the property is dedicated for public right of way so there are people allowed to go across it, but generally until that paper street has been built up and accepted by the Borough, it's use rights vs. ownership rights. Code Officer Clay explained to Mr. Taylor that the Borough wouldn't be responsible to take the tree down. Mr. Taylor said he will pay to cut the tree, he just wanted to make sure because the last time the Borough paid, Mr. Taylor said if he's responsible, he'll pay, he just doesn't want it to wait. His other concern was getting landlocked. He stated he spoke to his attorney who stated the tree did belong to the Borough. Solicitor Steff said he couldn't speak to that without seeing drawing of his property and if he brought something to the office and had them forwarded to him he would take a look at them. Mr. Taylor again said he wanted to make sure he wasn't going to be landlocked, the Solicitor assured him he would not. Mr. Taylor said he would have the tree cut down.

MINUTES FROM PREVIOUS MEETING: Joyce Gordon asked if there were any additions or corrections to the minutes of the previous meeting. Motion was made by Joe Seminick to accept the minutes and seconded by Jim Simon. By way of roll call vote, all in favor. Motion carried.

COMMUNICATIONS: We have received the minutes from RAJSA meeting held on June 11, 2018, we received a refund from Duquesne Light for $143.55 which will be credited to the August invoice. Council received and acknowledgement from the Rochester Library for their 2018 donation. The Borough Secretary made a presentation asking Council to consider changing from PNC bank to FNB bank. A motion was made by Jim Simon to allow the Secretary to transfer bank accounts from PNC to FNB, seconded by Joe Seminick. By way of roll call vote. Motion carried.

The Borough Secretary will be in contact with FNB to proceed with the transferring of all bank accounts and when the necessary time comes to involve the tax collector, she will get her involvement.

MAYOR and POLICE: Mayor Bob Knox presented the police report for June. There were Sixty-Seven total calls. Mayor Knox mentioned that at the June meeting he discussed a conference he was interested in but he wasn't prepare for. Mayor Knox stated he received a letter from a gentleman from the Mayors Association urging him to attend, if not to this to further events. Mayor Knox "questioned" the solicitor on his explanation at the June council meeting for councils paying his attendance to the requested conference. Solicitor Steff said he's seen council's have different views on conferences and them at minimum pay the tuition, there are tuition cost and room and board, however it's broken down, sometimes it's all 1 package. Mayor Knox said they've revised the Borough Code Act 43 2012 under section 704 organizations for Mayors they added verbiage to the language which shall a Mayor shall be allowed to go. Mayor Knox stated he only wanted to go for the knowledge because there are things that go on in the Borough that he is legally responsible for and if anybody thinks it's a trip just to take a trip – it's not. Mayor Knox told council this representative from the Mayors Association would like to see him at the next function Mayor Knox told Solicitor Steff he would like him to read this information sent to him because it says it gives him the right to go to the conference. Solicitor Steff said he'd be glad to read it, Mayor Knox says he'll give it to him after the

meeting.
Debbie Ahern: "So that letter means Mayor Knox should have been given permission to attend the conference he asked to attend"

Solicitor Steff: "No No No – Not even seeing that letter – regardless of what that letter says there..

Debbie Ahern: "I'm sorry – we're boring Joyce – she put her head down"

Joe Seminick: "Joyce didn't talk to me – I asked her a question"

Solicitor Steff: "I'd be glad to look at the letter after the meeting – council decision – only council decision to spend money"

Mayor Knox: "He told me Borough Code give me the right to go regardless"

Solicitor Steff: " I assure you I can explain in detail"

Mayor Knox: "We'll talk about it later"

Mayor Knox stated he disagrees with a solar light at the flag, he thinks the light should be rewired. He informed Council there needs to be a working light at the flag pole it's disrespectful to fly the flag at night without a light shining on the flag, so until we get a light on it, the flag will have to be taken down every night. Cathy Hutsky said John Drumm said his son could possibly fix it – but they are really busy right now. Mayor Knox said there was a comment made about whether the gazebo light should even be on because it hasn't been on for a long time, but he feels it should be on.

Mayor Knox informed Council that he and his wife Marie ran for the Democratic committee for Beaver County to be representatives for East Rochester.

Sergeant Shane had nothing to report.

STREETS & SEWERS: Jim Simon reported the road maintenance worker took the Ford F-150 to Guy's Service for a pre-inspection review and the following are the findings needed to pass inspection:

High beam lights repaired (possibly switch)
Front radiator supports repaired
Front frame cross member repaired
Drivers & passengers side floor boards repaired
Muffler & tail pipe replaced
Right rear cab corner repaired
Right rear bed corner replaced
Oil filter bracket repaired
Front brake pads rotors, & hoses replaced
Rear brake shoes, drums & all hardware for parking brake
Rear tires replaced (caps coming apart)

The total cost to do brakes & exhaust $1,037.20

Jim Simon: *"I have picture to go with the quote"*
Joyce Gordon*: "Where else do you want to take it?"*

Jim Simon: "*Do you want to get a second opinion"*
Joyce Gordon: "Yes"
Jim Simon: "Any Suggestions"
Mayor Knox: "I got a question on that – that trucks not even drivable – if that hole in that frame goes "don't snicker" – do you want to pay liability or workers comp – that's not safe. I'm asking you – you're the one"
Solicitor Steff – "That chuckle wasn't directed at you…. here's this truck and here we go again – it's been a nightmare from the beginning.
Mayor Knox – "It's a piece of junk is what it is – yenz all can say what you want – it's a piece of junk – obviously nobody looked at it."
Joyce Gordon- "So was the army truck"
Mayor Knox- "The army truck was 10 x 100 x better than that truck down there. – I'll tell you what – if something happens to Sam there's gonna be something happen. I'm tellin you – I'll hold yenz liable for it. That's a shame. All because you want to save the mighty old dollar."
Joyce Gordon- "We were replacing one piece of junk
Mayor Knox- "With another" – maybe you should have looked at thoroughly. Joe – who got underneath the truck – did you get underneath the truck and look at it? Anybody lift the motor?"
Joe Seminick- "Some of this stuff I don't see…
Mayor Knox- "You made the comment in the other meeting you did a drive by – that's what you said."
Joe Seminick- "Drive-by?"
Mayor Knox - "You said you drove by it and looked at it"
Debbie Ahern- "Why don't you buy a new one?"
Joyce Gordon – "We don't have the money to buy a new one"
Debbie Ahern – "What about what it'll cost to fix what's on this list"
Marie Knox – "Rather spend a little money now to get a better truck"
Joyce Gordon *to Marie Knox "do you have a calculator? Take $99,877 ÷ 6*
Jim Simon – "16,646
Joyce Gordon to Marie Knox "the Borough's average bills a month are $24,361the last 6 months. My only hope is there is more money coming in. You're talking about trips and trucks."
Mayor Knox – "No – you're talking about a guy's welfare"
Joyce Gordon- "We have another truck – he can drive the other truck"
Mayor Knox – "I ask he doesn't drive that truck until something is decided"
Marie Knox – "How much is in the General Fund"
Joyce Gordon- $99,000
Marie Knox – "How many times has that truck been serviced?"
Mayor Knox – "*For the toggle switch****"***
Joyce Gordon- "Once"
Mayor Knox – "Which I feel is illegal"
Jim Simon- "We'll have him drive the dump and someone else will look at the other truck.
Solicitor Steff - "Has the truck been inspected since we bought it"
Mayor Knox – "Due in August and told it won't pass"
Debbie Ahern – How did it pass last time? All of that didn't happen in a year. You can go back to that inspection station?
Cathy Hutsky- "Can they sell a truck that bad without tell you?"
Jim Simon – "Sold As-Is"
Solicitor Steff – "Like we sold the army truck."
Marie Knox – "The army truck – after the ad and what we sold it for – what did we end up getting for it?"
Mayor Knox - "And I'm not sitting here throwing stuff out about the Mayors Association – I'm trying to protect myself is what I'm trying to do and I was encouraged by this gentleman."

BUILDING PERMITS: Code Enforcement Officer, John Clay reported he had 12 calls, 4 zoning inquires and issued 1 building permit in June. Code Officer Clay also reminded Council about the upcoming hearing for the Ralston property on Thursday July 19th at Lacock Dwellings community center. Marie Knox asked if residents are invited to the hearing? Solicitor Steff responded saying it is not an open hearing. There are stenographic records. They come before the board with any witnesses. If the subject of the matter brings witnesses – fine, but no the hearing is not open. The police are present. Council is there to vote and they do need a quorum.

FINANCE & BUDGET: The secretary reported the Schedule of Bills presented to each council person totaled $28,699.9 for the month. Jim Simon made a motion and was seconded by Cathy Hutsky. By way of roll call vote, all in favor. Motion carried.

TAX REPORT: The Tax Collector collected $10,510.91 with a commission of $493.03

FIRE DEPARTMENT: Cathy Hutsky asked if the fire department is done? Joyce Gordon explained the Borough received a proposal from Rochester but upon review of the contract the Solicitor found several items needing corrected.
Marie Knox – "When did we send out letters to other fire departments?"
Joyce Gordon – "A while ago "
Debbie Ahern – "Who will respond to a fire now?"
Solicitor Steff – "Rochester – they are responding now"
Cathy Hutsky – "Mutual aid – Freedom"
Marie Knox – "I hope the contract will be pro-rated for 2018"
Solicitor Steff – Yes – We did respond to Rochester as to their proposal and we asked that they submit a written contract so we could review it – once it came in I reviewed it and did find 2 or 3 things that needed clarification and changed. I reached out to their solicitor and questioned those items – discussed it with him – he went back to his people got me some answers and clarifications on everyone of the issues is being resolved. I'm awaiting the revised document, according to their discussion, which all went well, he said what was going to be done to change the agreement, he said he would get something back to me. That being said if we get the document back in the way he said he's going to present it, I would have no problem in recommending that to you. It's going to be a good agreement. It is pro-rated so you're not paying the back months – it starts when we engage in the contract. I'm waiting for the revised document. All progress has been very positive.

Debbie Ahern – "Was any of that anticipated when you did the budget?"
Joyce Gordon – "We didn't know about this to address it in the 2018 budget"

SOLICITOR, ORDINANCE & LITIGATION: I was going to discuss the contract for the Fire Department which has already been discussed, I have nothing further.

Mayor Knox- "At last month's meeting I asked if the ordinances were up to date on the website – because I don't think they are"
Solicitor Steff – "Are you speaking about the code book or the ordinances?"
Mayor Knox – "Ordinances – the ones on the website are from before either one of us were born, that's how old they are – that's why I don't think they're up to date"
Solicitor Steff – "So there's nothing recent?" "I will review that"
Mayor Knox- "No – there's stuff I know should be there that is not"

Cathy Hutsky- "How do I get an ordinance book? Because they're not real big?"
Other council members explained that she is thinking of something other than an ordinance book because an ordinance book is similar to a binder. The Solicitor mentioned he's brought this subject up before.
Mayor Knox- "I got my copy from the Mayor of Rochester"
Solicitor Steff- "The books are in short supply"

BOROUGH ENGINEERING: None, Engineer Frye was on vacation

RECREATION: Cathy Hutsky reported that on Friday July 13th there would be volunteers painting at the East Washington ballfield. It was asked if volunteers were permitted to ride in the Borough truck and the answer was no. Cathy Hutsky said the fence at the ballfield will be fixed, possibly the lights with John Drumms son and they are going to attempt to save the roof at the playground. Cathy Hutsky stated that the recreation committee will not be purchasing mulch this year, possibly next year. It was discussed pricing out a metal roof, Mayor Knox said he would donate his Mayor's pay for the second ½ of 2018, if Cathy Hutsky needed it to pay for a metal roof.

UNFINISHED BUSINESS: Solicitor Steff asked Council if when he receives the revised agreement from Rochester fire department, if he's satisfied with the new agreement's corrections, does Council want him to do an ordinance and advertise it before the next meeting? Joe Seminick made the motion for the Solicitor to advertise the ordinance for the fire department Jim Simon seconded. By way of roll call vote, all in favor. Motion carried.

NEW BUSINESS: The question was asked when this year's relief association money is received what Borough will deposit it into their general fund? Solicitor Steff said we will address that issue when we come to it.

Mayor Knox asked if he could attend the COG meetings, President of council said she thought he could.

Jim Simon asked the Borough Secretary to please make copies of the estimate from Guy's Service Station for anyone on council who would like one.

A motion to adjourn was made by Jim Simon and seconded by Cathy Hutsky. Meeting adjourned.

Respectfully submitted,

Jan Mohrbacher, Borough Secretary
